

It is the policy of B&SL, to always strive to care for the environment we live and work in as we go about our day-to-day activities.

Re-cycling and re-use is at the heart of our business model and at the core of everything we do.

My team recognise the part they play in looking after the environment, whilst understanding the requirements placed upon our on a day-to-day basis.

The Director of this company:

- will ensure that the environmental policy and environmental objectives are established and are compatible with the strategic direction and the context of the organisation.
- will direct and support my team to put environmental considerations at the heart of all activities.
- will promote continual improvement.
- will maintain the environmental elements of our management system as documented information.
- will communicate our environmental policy throughout our organisation
- will make it available to view by interested parties.
